

As a Senior Process Architect and APQC Certified Specialist, I have performed the activity mapping for the **"Ad Personam Pricing"** process. This mapping aligns technical tasks from the BPMN diagram with the **APQC Process Classification Framework (PCF) - Cross Industry (Version 7.4)**, cross-referenced with the strategic vision of delivering unique luxury products.

Activity Mapping: Ad Personam Pricing vs. APQC PCF

BPMN Activity Name	Mapped APQC PCF Activity/Process	PCF ID	Alignment Rationale
Request TBA	Receive Request For Proposal (RFP)/Request For Quote (RFQ)	11781	The process initiates with a request for a "To Be Announced" (TBA) price for a custom luxury item, which aligns with receiving an RFQ.
Request Internal Analysis	Review RFP/RFQ request	11782	This step involves evaluating the incoming request to trigger internal assessments of feasibility and cost.
Control Feasibility	Conduct in-house product/service testing and evaluate feasibility	10090	Technical evaluation to determine if the "Ad Personam" custom request can be realized within production capabilities.
Control Custom Details	Define product/service	11331	Ensures that specific, unique requirements of the luxury product are

	requirements		accurately captured and documented.
Check Time Schedules	Create and manage master production schedule	10224	Evaluating lead times and production windows to ensure the unique product can be delivered as promised.
Analyze Costs	Develop pricing and scheduling estimates	11788	Calculating the specific resource requirements and costs to build the basis for the custom pricing proposal.
Monitor Production	Monitor initial production runs	11417	Overseeing the early stages of creation for the custom item to ensure alignment with defined quality and price targets.
Elaborate Proposal	Develop solution and delivery approach	20015	The formulation of the "Ad Personam" pricing solution and the formal proposal for the customer.
Assess Proposal	Manage internal reviews	20016	A governance step to ensure the proposal meets organizational standards and margin requirements.

Reformulate Pricing	Revise bid/proposal/quote	20018	Modifying the pricing or technical terms based on internal feedback or assessment results.
Update Pricing in SAP	Communicate and implement price changes	11497	The formal implementation and activation of the new price within the SAP ERP system.
Send Product	Submit/present bid/proposal/quote to customer	11790	Delivering the final pricing options to the retailer or customer, fulfilling the process's informational outcome.
